

E41702 RM1127 (127CLT) LONDON TRANSPORT RED ROUTE 90B (FULWELL GARAGE)

RM1127 (registration 127CLT) went new to Fulwell Garage in February 1962, and officially entered London Transport service the following May, working on Routes 267, 281 and 285. Following a repaint at Aldenham in mid-1970, RM1127 was back at Fulwell Garage and working on Route 90B, which is the condition our new model depicts.

Subsequent service saw RM1127 working on Route 281 to Chessington, but in February 1974 it was transferred to Holloway, where it spent much of the next five years in and out of storage. From 1979 it moved around between Mortlake Garage, Fulwell and Brixton, finally being withdrawn in September 1982. It was scrapped at Aldenham in early 1983.

NOTE: The model displayed here is a pre-production decorated sample. Colours and details on the final models may vary slightly.
