EXCLUSIVE FIRST EDITIONS

BRISTOL VR

Exclusive First Editions are proud to show samples of the first releases of our new flat fronted Bristol VRT. This all new model features a one piece casting with an enhanced level of interior detail which includes a glazed entrance, bulkhead and handrails.

Bristol's first rear engined deckers had a forward facing engine set to the offside, but the engine was soon mounted sideways creating the VRT.

38101 BRISTOL VRT
Midland Alexander
Registered SMS 35H
Fleet number MRT 5.
Working route 37A to Scone / Highfield

38102 BRISTOL VRT
Ribble
Registration number OCK 992K
Fleet number 1992
Operates route 696 to Bridge End

38104 BRISTOL VRT
Southern Vectis
Registration number SDL 638J
Fleet number 628
Working route 1A to Cowes

Although the body style appeared similar on all versions of the VR there were subtle differences which changed the appearance of the front end. The flat fronted body was narrower at the front by seven inches as it tapered in from the first window bar and this is easily visible when viewed from the front.

This body was used on the VR I and the early VR II's, the later VR II's and VR III's had the restyled body with the curved windscreen.
