

# EFE new tooling 2019

## Open-top Leyland Atlantean

2019 will see updated Atlantean tooling from EFE by Bachmann.

The EFE Metro-Cammell Weymann bodied Leyland Atlantean PDR1 will be receiving a new open top upper deck in 2019, plus lower deck panel lines, driving mirrors and revised rear bonnet. Nine convertible open top 'Sea Dog' class buses were built for Devon General in 1961, and 25 years later several could be found hard at work in the Capital, Cumbria and elsewhere. *Our thanks go to Messrs T Bennett and R Morgan.*
