

GGX a/b Generic Garage Extension kits

Two kits are available:

GGXa which provides three walls and 'triple roof' that encloses an area approximately 10" x 10". Price:£14

GGXb which provides one wall and 'triple roof' that when used with the GGXa kit will jointly enclose an area approximately 20" x 10". Price:£11

The kits have interior and exterior detail, including roof trusses. Entrances can be added in the walls if required.
