

Kingsway Models - New 1/76 scale bus depot / station kit Southdown Uckfield

This new kit is based on the depot / bus station complex that stood in Uckfield, Sussex.

The depot will accommodate six vehicles. The doors may be posed open or closed.

The design allows the roof to be made removable for access.

The bus station alongside the depot includes a cafe , conveniences and a passenger shelter.

Although based on a Southdown prototype, alternative signs are provided to allow use with vehicles from any company.

The 'footprint' of the model is approximately ten inches square.

Price: £16 including UK postage

Available from the Kingsway Models website at www.kingswaymodels.com
